Bulb not included

Contents

A Lamp shade
B Bottom lamp shade
C Canopy with metal ceiling bracket
D Connection box

Tools needed

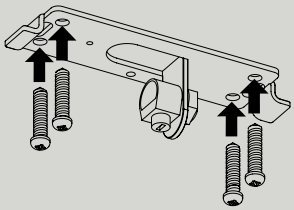

- Bulb type G9
- Screwdriver for wiring

Safety precautions

- Dispose the packaging and do not allow children to play with it.
- Keep product well out of children's reach.
- The lamp is only intended for interior use.
- Do not attempt installation of product if you are not competent to do so yourself.
- Consult a professionally qualified electrician if in any doubt.
- If the external cable or cord of this lamp is damaged, it must be replaced by the manufacture or a similar qualified person in order to avoid a hazard.

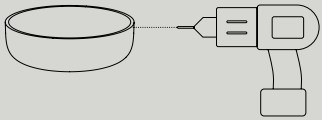

Cleaning instructions

- Wipe surface of lamp shade with a soft, damp sponge or cloth.
- Do not use any abrasive cleaning tools such as steel wool, scouring sponges or stiff brushes.
- Never use strong cleaning agents such as white spirit, terpentine, household glass cleaner or cellulose thinners.
- Only wipe the inside of the shade with a soft, damp cloth or feather duster.

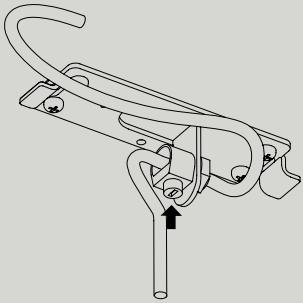

Step 1

Ensure power supply is turned off and remove any existing lamp fitting.
Locate the supply cable and ensure it is ready to be fitted to the connection box.
Mount the metal bracket (C) securely in the ceiling with screws and wall plugs, appropriate for the ceiling of installation.

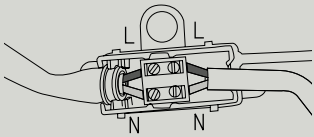

Step 2

Drill a hole into the side of the canopy and pull electric cord through it

Step 3

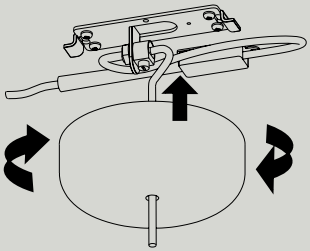

To determine the right suspension height for the lamp, pass the electrical cord through the strain relief of the metal bracket (C). When you have the desired suspension height of the lamp, tighten the plastic screw of the strain relief.

Step 4

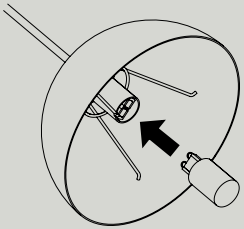

Use the terminal box inside the connection box (D) to assemble the wires from the pendant with the wires from the power supply. L to L and N to N. Close the connection box and place it inside the canopy.

09/24

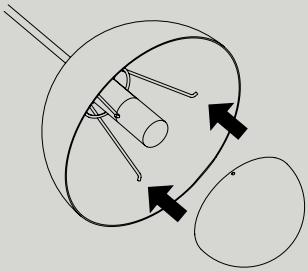

Step 5

Place the canopy cup onto the metal bracket and twist to secure it in the right position.

Step 6

Install the light bulb.

Step 7

Mount the shade onto the three pronged arm inside the shade as shown in the diagram. Switch on the power supply at the fusebox and enjoy your new lamp.
