Product description
Footstool

Environment
Indoor

Material
Plywood frame, HR foam, polyester wadding, cast aluminium. Fabric or leather upholstery.

Production process
The frame is made from form-pressed plywood upholstered with foam and a textile cover. The cushion is made of duvets consisting of PU foam and attached to the upholstered seat frame with zippers. The armrests are made of bent plywood and covered with foam and textile. The legs are made of cast aluminium and surface-treated with dark chrome or powder-coated in black.

Variants
Dark Chrome or Warm Black legs
Available in a variety of fabrics, leather and COM

COM - Material Consumption
Fabric usage: 1.7 meters based on 140 cm roll
Leather usage: 3.3 m2
COM must be approved by &Tradition to ensure suitability for upholstery
